

Systems & Network Integration

End-to-End IT Infrastructure Solutions

Build a better IT infrastructure and data center; maximize your choice of IT products and services, and strengthen your ROI – with the friendly professionals at Continental Resources, Inc. (ConRes), your hybrid VAR™. As a hybrid, ConRes combines custom volume solutions and logistics services with the IT skill sets you'd expect from a traditional VAR.

The result? You receive unbiased, cost-effective IT data center and infrastructure solutions from ConRes...all supported by 45 years of experience and financial stability.

If you're an IT Professional in business, academia or government, you can rely on ConRes for enterprise-class solutions ranging from virtualization, disaster recovery, unified communications, cloud computing, security, and networking to UNIX®, Linux®, and Windows®. Leverage our relationships and suite of professional and managed services to help you assess technical requirements; maintain your end user support standards; and maximize the ROI of your IT investments.
